ADMISSIONS PROCESS

The admissions process is completed by simply following these steps:

1. **Online Application** - The online application includes one consent form that allows ACS to request supplemental forms and student records on your behalf. To finalize your application, all tabs must have a green check mark. Once complete, you will be prompted to submit the non-refundable application fee.

2. **Academic Baseline Assessment** - ACS will contact you to schedule your student's assessment. Kindergarten students participate in a student evaluation with teachers and/or principal. 1st-12th grade students complete an adaptive assessment that provides our administrators a snapshot of current academic aptitude.

3. **Academic Baseline Assessment Review** - The respective principal will call and review your student's Academic Baseline Assessment with you. At this time, students in grades Kindergarten-12th grades will be scheduled for a family orientation with the respective principal.

4. **Email Notification** - Upon completion of the above admissions steps and acceptance to ACS, an email will be sent from our admissions team. This email will contain final enrollment details including a link to the Online Enrollment Form.

5. **Online Enrollment Form** - When completing the Online Enrollment Form, you will be prompted to upload required documents (birth certificate and shot records) and submit the non-refundable new student registration fee. After completion of the Online Enrollment Form, your tuition statement will be finalized and you will receive an email notification.

WHAT CURRICULUM DO YOU USE?

At ACS, K-5th grade students experience a challenging curriculum called Core Knowledge. Based on the research and findings of E.D. Hirsch, Jr., Core Knowledge exposes students to a broad range of historical, scientific, and cultural topics that will build on one another to prepare them for educational success. This wide array of subject matter not only develops cultural literacy but also builds the strong vocabulary necessary for true reading comprehension.
Critical reading, writing, and thinking skills applied to all subjects drives 6th-12th grade curriculum. ACS strives to be both college and life preparatory, fulfilling our school mission and reflecting the ideals of our graduate profile.
